FOREWORD

We, the class of nineteen hundred thirty, present this volume of "The Epoch" to show the spirit, teachings, and ideals of Gas City High School. We hope that this record of our school years will be a joy to all who read it, and that throughout the years, it will recall to us pleasant memories of our bygone days.

The Senior Class Poem

Here are the SENIORS of '30
Ready for their fate,
We're expecting some to be
The ruler of our state.

For, where do you find
A class so smart?
We're always ready
To do our part.

First, there is Stanley
We'll call him Ed
He's our class president,
So that's enough said.

Now, here is one
Who never will fail,
To talk of attraction!
Some girls choose Gail.

A good friend to all,
You'll find in Slew.
We're glad he's here
To pull us through.

Here comes Edmond;
Better known as Ed
At the B. B. games
As Captain, he led.

Then there's another,
Whom we call Jim;
A wonderful friend
We've found in him.

Next, we have Ralph
Big and strong—
He helped the Tigers
To get along.

Bob is a cheery one
Who always wears a smile.
When it comes to studying,
He beats us all a mile.

Burr is another Tiger,
We all call him Pete,
And as long as he is playing,
We'll never get beat.

Johnnie is another Brown,
And Browns, we have in plenty,
But as long as they are all like John,
We'll never have too many.

Here are the maidens
Next in line,
A list of names
That's hard to rhyme.

Pauline is small but mighty,
A very dainty lass;
You'll always find her working
Far ahead of her class.

Then here's Berneice Butler,
We call her Benny,
A very cute kid—
And friends, she has many.

And Geneya's another,
The next in line,
And as for a friend,
Well, she's just fine.

Little but mighty
Is Myrtle Belle;
Who studies her lessons
And gets them well.

She is always laughing,
You know who I mean,
No one but Mary Alyce,
The best pal that we've seen.

Alice Groves is another,
And for her we all fall,
For, you see, she is
A friend to us all.

Violet is the one
Who plays the cornet,
And can she play it?
Boy! You bet.

Mildred is our quiet girl,
And isn't like the rest,
For she works hard all day long
And always does her best.

Helen's hair is curly
And she's also a brunette,
She's one of the nicest girls
I'm sure you've ever met.

Why is Delores so cute?
It's all so very simple,
For when she flashes her winning smile
She shows a little dimple.

Mary Agnes is another,
The artist of our class,
And when it comes to drawing,
There is none that can surpass.

There's not another auburn
In Elizabeth's class;
So she has friends
That will always last.

Florence is our "It" girl,
How do we know?
Why, haven't you heard?
She's the second Clara Bow.

Mary L. is the one
With the laughing eyes,
She steals men's hearts
When they're unwise.

Mildred never has the blues,
Nor does she wear a frown,
The corners of her mouth go up
Instead of going down.

Last comes Dorothy,
Her nick-name is Dot,
She's full of mischief,
And never gets caught.

Our Senior class
Has done it's best,
To love and honor
Old G. C. H. S.

Senior Class Will

Since we, the members of the class of '30, realize that we are in full possession of what physical, mental, moral and social characteristics there are in Gas City High School, we do hereby will and bequeath to the remaining unfortunates those virtues which may aid them in filling the lonely and empty space left by the mighty Seniors. Individually we do leave the following:

I, Edgar "Ed" Stanley, will my position as Senior class president to any Junior who is willing to take it, and my ability to get along with Mr. Reifel to Donald Millsbaugh.

I, Elizabeth "Beth" Price, will my long auburn hair to Mary Martha Wood, and my friendship with "Ed" to any one who can get it.

I, Gail "Shortie" Atkinson, will my basket ball sweater to any girl that is about six feet tall—if it will fit her.

I, Berneice "Benny" Butler, will my popularity to Barbara Garland, my curly hair to Julia Lewis, and my diamond to any one that can get it from me.

I, Ralph "Curly" Atkinson, will my curly hair to Wayne Ross—if he will promise not to use too much oil, and my fighting spirit as a "Tiger" to George Wetzel.

I, Mary Alyce "Huffie" Huffman, will my laugh to Ruby Wilson—if she will not try to break my record, and my dancing ability to Elizabeth Garthwait.

I, Warren "Slew" Groves, will my ability to write notes to anyone caring for it, and my dignity to Otis Brown.

I, Geneva "Nevie" George, will my curly hair to Mary Jones, and my dignified ways to Bertha Merkel.

I, James "Jim" Edwards, will and bequeath my black hair to "Decy" Spence, and my most dignified walk to Charles Eakins.

I, Mary L. Lewis, will my typewriting ability to Glen Crosby, and my good looks to Leona Emerling.

I, Edmond "Ed" Vironet, will my position as center on the basket ball team to Arthur Adrianson, and most charming personality to Kenny Longfellow.

I, Pauline "Polly" Stevens, will and bequeath a few inches of my excessive height to Sylvia Gorham, and my bashfulness to Eleanor Greenwood.

I, Burr "Pete" Peterson, will my basket ball ability to "Corky" Parks and my way with women to Marvin Curtis.

I, Mary "Do-Do" Cochrane, bequeath my two Jonesboro sweaters to any girl who can get them, and my blond locks to Lucille McPherson.

I, Robert "Bob" Wesling, will my good grades in Physics to Hazel Dawalt, and my dignified ways as a Senior to "Scoop" Dailey.

I, Mildred "Milly" Crouch, will my friendship with a "certain" Junior boy to any girl who thinks she can get him, and my high-heels to Mary Ellen Miller.

I, John "Johnnie" Brown, will my quiet and sedate ways to "Kenny" Longfellow, and my soft and beautiful voice to Mr. Reifel.

I, Myrtle Belle "Midget" Coy, will my long hair to Sylvia Gorham, and my position on the Annual staff to any Junior who is capable of taking it.

I, Delores "Dimples" Gray, will my ability to play the piano to Ruth Bothwell, and my alto-position in the Glee Club to Elfreda Wesling.

I, Alyce Groves, will my place as yell-leader to Hugh Brown (provided he makes my suit over), and my beautiful contralto voice to Virginia Dancer.

I, Violet "Vi" Hurlock, will my affection of a certain Marion fellow to the girl who is just a little stronger than I am (if she wants to fight for him.)

I, Mildred "Mid" Bastian, will my "Chevy" to Ada Vironet (she has so far to walk), and my quiet and serene manners to Thelma Morgan, and my popularity to Marjorie Hillman.

I, Florence "Tommy" Nieman, will my "marcel" to Thelma Morgan and my popularity to Marjorie Hillman.

I, Helen "Babe" Morris, will all my long dresses to Lucille McPherson, my curly hair to Harriet Shafer, and my ability to dance to Barbara Garland.

I, Dorothy "Dot" Davis, will my ability to get bookkeeping to Viola Griffin, and all my dates with high school boys to Ruby Wilson.

ISN'T THIS ODD?

A match has a head but no face.
A watch has a face but no head.
A river has a mouth but no tongue.
A wagon has a tongue but no mouth.
An umbrella has ribs but no trunk.
A tree has a trunk but no ribs.
A clock has hands but no arms.
The sea has arms but no hands.
A rooster has a comb but no hair.
A rabbit has hair but no comb.
Odd, isn't it?

SENIOR HIGH ASSEMBLY

Gas City High School presents one of the most complete courses of training offered by any school of its size, and in certain respects much better than those of larger communities. It offers to its students three complete curricula, namely: The academic, the commercial, and the Home Economic.

These three curricula represent experiences taken from different phases of life and transformed to fit the school room where the students come into contact with them under the guidance of experienced teachers.

There are many things experienced in the school that are not confined to any curriculum but are given to all. These are gained from contact with other pupils and teachers, by various speakers who come to the school, and by the general rules and discipline required by all.

Its equipment is sufficient for its needs and each year shows added progress and improvement. Among these well equipped departments, we find an excellent reference library under a well organized system; a well equipped manual training shop, Biology and Physics laboratory, and a recently equipped physical education department.

Its teaching staff more than meets the requirements set by the State Department, and in academic training and experience it is equal to or surpasses many larger institutions. All the members of its present staff hold degrees from some of the best colleges and universities of this state and others.

—F. Hengstler, Principal

JUNIOR HIGH ASSEMBLY

The Gas City Junior High School has an enrollment of approximately one hundred twenty-five pupils. Grades seven and eight constitute the Junior Department, which is not, in the strictest sense of the word, a Junior High School.

At present the Junior High School course is as follows:

THE WHY OF ATHLETICS

The spirit of a school is always reflected in the athletic side of the school. The young men who make up the teams and the adherents of school sport, carry with them wherever they go, the life of the school.

No better measuring standard may be devised of the inherent life of a school than that which is seen in the athletic life of the school. It is altogether fitting, therefore, that we pause for a moment and examine the credentials of life and character that are to be found in the play and inter-play of school teams. Whatever the game or contest—whether it be on the baseball diamond, the basketball floor or the green sward of the track meet—there are certain attributes of character that we demand from our representatives. Let us as a school expect, or rather demand, that those who carry the colors of our school shall be worthy and shall battle worthily for victory.

A GOOD SPORT

1. Will never boo, hiss, or in any manner criticize a player or an official.
2. Will never refuse to accept all decisions of the official without question.
3. Will never jeer or deride an opposing player for fouling.
4. Will never boast after winning, nor alibi after losing.
5. Will never fail to applaud an opponent after a good play.
6. Will never criticize a team's style of play, even if he dislikes it.
7. Will never make abusive remarks from the sidelines.
8. Will know that good sportsmanship is far more valuable than the mere winning of a game.
9. Will always maintain silence when a player is attempting a free throw.
10. Will love the game for its own sake, not merely to win.

THE TOURNAMENT

When the sectional tourney came along the Tiger crew, a production of Coach Phares, was hitting a stride far better than when they opened the season at Upland, November 10. The fundamentals had been drilled to ultimate perfection, and the spirit was running high, along with competition, to see who would be the eight men who would represent "The Old Maroon and White" at Marion.

To our satisfaction we drew Matthews, playing them Friday night. The winner of this fracas was to meet Marion (the highly taunted Taube Terrors), who expected to meet a worn out team like they played January 11. But to their surprise, they met a determined bunch of TIGERS—true in name who had gone through the season with flying colors. The Giants had things their own way the first period of the game. The score at the half was 21 to 10 in Marion's favor. The TIGERS, with that never ending fight, came back in the last half and scored 7 points while the so-called Giants scored only 3.

The TIGERS never at any time showed signs of giving up, and went down to an honorable defeat, to the score of 24 to 17.

UPLAND

With the Tiger spirit running at its highest the Tiger crew journeyed to Upland, November 1, to defeat the Highlanders to the tune of 23-21 for the first victory of the season. The Tigers played topnotch ball to assure the fans that they meant to make a record season.

SWAYZEE

The Tiger band, with a victory to their credit, invaded Swayzee, November 8, to leave with the small end of the score 42-16.

The Tigers were hampered by the small gym. The boys played a good brand of ball but could not hit the hoop.

ROLL

The Roll Rollers, touted to win over the Tigers after their defeat by the Swayzee brigade, invaded Gas City, November 15, as the 'Tigers' guests. The Tiger crew showed old time form and flash to defeat the strong Roll team, 32-29.

NORTH MANCHESTER

The Gas City Tigers, with one defeat and two victories, journeyed to North Manchester, and, with the old grim determination, they came back with the long end of the score, 42-32.

CLAY TOWNSHIP

On December 6, the Clay Township Giants (not exaggerating) came to Gas City, only to return with the short end of a 32-33 score. The Tigers were never threatened until the last few seconds of the game.

WINDFALL

With fate against us on January 13, (Friday), the Windfall quintet handed the Tiger crew their second defeat of the season. Outdone in height, the Tigers played a good brand of ball; but bowed to the onrush of the invaders, to the tune of 33-21.

GASTON

The Tigers backed to the last word were hosts to the strong Gaston quintet November 29. The game was hotly contested and both teams fouled to an excess, but Gas City finally edged out the invaders 18-16, after leading at the half.

SPICELAND

Fighting their way through a snow storm and snow drifts, the Tigers made their way to Spiceland and handed the Spiceland boys a hot defeat, 64-34.

FAIRMOUNT

On January 3, the fighting Tigers went down to an honorable defeat at the hands of the Fairmount Quakers, 18-21. The defeat was due to the small playing facilities and a last minute rally.

FRANKTON

On Friday, January 10, the Tigers were hosts to the Frankton boys. The game was fast and fouls were frequent. The Tigers came through for a last minute rally to win by a 29-33 score.

MARION

January 11, the Tigers, worn from the "Pyrrhic Victory" of the night before, journeyed to the arena of the Marion Giants, to go down to an honorable defeat with the score 42-14. Many men saw action, but due to the hard battle of the night before, they could not penetrate the Marion defense.

SWEETSER

After a week of rest and training the Tigers were treated to the best in having the Sweetser Braves pay them a visit, which resulted in a defeat for the Braves.

MATTHEWS

After coming through with a colorful victory against Sweetser to the score of 32-26, we met the Matthews Minute Men here, only to defeat them to the tune of 63-28. The Tigers were never threatened.

ALEXANDRIA TOURNEY

Touted to take the Invitational Tourney, the Gas City Tigers, after getting a bad start by an injured player, were defeated by the Summitville boys to the score of 29-20.

WINDFALL

After this game had been postponed on account of the Alexandria Tourney, we journeyed to Windfall to lose to the Dragons 20-19, due to a last minute rally. The score was tied many times.

UPLAND

January 31, the Highlanders, strong for revenge, came here as our guests only to be turned back in sorrow and defeat to the score of 32-26. The game was well played with the Highlanders coming back in the last half to tie the score at 21.

SUMMITVILLE

February 1, we journeyed to Summitville to get revenge from the team who shattered our tourney hopes, but due to the small floor, we took a defeat 35-30. The game was hard fought and tied in the final minutes.

HARTFORD CITY

The strong Hartford City Airdales, with two defeats thus far, were our guests. The Tigers took the lead in the opening minutes only to be outscored by long shots.

NORTH MANCHESTER

North Manchester gave us a return visit February 14 and along with it an honorable defeat. We met a different crew than we had defeated previously, but to their surprise they met a fighting crew which would not be defeated only by the strongest fighting.

SWEETSER

With the season coming to an end we paid Sweetser a friendly visit in the form of a Basketball game. The game was hotly contested with fouls very prevalent. At the half the score was 22-23 in our favor, but we were edged out of a victory by a foul in the last second of the game.

PENDLETON

February 21 on behalf of the high school, the Tiger crew gave the Pendleton boys an interesting defeat, 31-29, to get revenge from the defeat of last year, thus ending the scheduled games for the '29-'30 season.

TRACK

Track season opened immediately after the basketball season ended. Many men turned out in track togs to try to bring glory to G. C. H. S.

A track and field meet was held between the classes, in which the Juniors were the winners. A large banner was presented to the winners. Field meets were held with Jonesboro, Montpelier and Swayzee. We also participated in the county meet at Marion.

Much more emphasis has been placed on track this year than formerly, and we hope that with the material that's left, Coach Phares will develop a team next year that will surpass this year's team.

Every team is coached to win. Winning is one of the objectives of the game, but the boys and the school as a whole are taught that for every winner there must be a loser, and that there may be as much or more honor in losing than in winning. The boys are taught to play the game hard and fair. They are taught to train hard, work hard, and play hard, and if they be losers, they will lose like true sportsmen.

PROSPECTS FOR 1930-31 BASKETBALL SEASON

The year of '29 and '30 was a successful one for the Gas City Tigers.

With three veterans to start the season, a combination was whipped into a machine that won eleven out of the twenty games on the regular schedule.

In the sectional, the Tigers won their game in the first round by a score of 40-14, and were defeated by Marion in the second round by 7 points.

Although the services of Vironet, the Atkinson Brothers, Stanley, and Peterson will be greatly missed next season, Coach Phares is optimistic concerning the outlook for next year's team. With Adrianson and Crosby as a nucleus around which to build, along with the services of Wetzel, Simpkins, Dailey, Spence, Ross, the Curtises, Stanley and others, prospects for a winning team seem assured.

BASEBALL

On September 9, 1929, Coach Phares called out his recruits to try to produce his first Ty Cobbs and Babe Ruths for Gas City. After a few workouts a team was selected which showed baseball talent and Tiger spirit. Very few games were played, but spring baseball was taken up where fall baseball left off, and the same crew was out again to carry baseball through with lasting colors.

MY BODY

“My body is the lightning rod of my spirit,
 And I honor it as such.
 I do not worship it, nor deem it greater than myself.
 I do not confuse it with myself,
 Which towers over it like iridescent fire.
 Pour down upon me, O Spirit of Eternal Energy,
 And make my body luminous and fit for God.”

In physical education we aim to develop both the mind and the body together; therefore we give the students exercises that are complicated enough to require the individual to have to think in order to execute them.

Other specific aims of our physical education program are:

1. To teach the students to be honest, truthful, sincere and serious. and to be considerate of others.
2. To teach them to guard their health, both morally and physically.
3. To teach them to have clean habits of living.
4. To teach them to be loyal, for a reputation of loyalty induces employers to give the young men and young women positions of responsibility and trust.

Another general aim is to teach pupils how to play, in order that they may be able to utilize their leisure time by indulging in good wholesome recreation which is necessary for the health and happiness of everyone.

—Mr. Phares.

SEWING CLASS

Home Economics has been defined as rightful living. The department strives to reach this aim through the study of Clothing, Foods, Home Management, Interior Decorating, Principles of Design, Nutrition, Home Nursing, Child Care and Related Art.

The department is striving to impart better methods in each of these arts. It caters to the student who intends to make homemaking her career as well as to the student who intends to go to college.

The girls are made to realize the relation of color, design, balance proportion, and rhythm to all phases of Home Economics. Individual and original tastes are stressed in dress as well as in home decoration.

The principles of cookery are studied with much care given to the preservation of the foodstuffs, and the way to make them more palatable and appetizing.

The Home Economics Club has been organized as an outgrowth of the interest in classwork. The club takes up the individual problems of each member and helps to solve them.

Home Economics is gaining in importance each year, and people are beginning to realize the value of it in the school curriculum.

YOUR TALENTS

You must learn to work with the talents God has given you. It will do you no good whatsoever to envy another who happens to be more talented than yourself. Get busy and develop your own talents, though they may seem unimportant and insignificant to you now. It is through the intelligent use of your own talents and opportunities that your life will be broadened. Your talents are the blessing bestowed upon you at birth that you might do some useful work in the world. You can make your opportunities as you develop your talents. It is a great advantage to realize early in life just wherein your talents lie. Everyone is blessed with some useful talent which should not be neglected or allowed to lie dormant.

Bring your talents to the light and make the most of them. As you develop them, you open the gate to greater opportunities. When you have learned to work with your own talents, much more happiness will come into your life.

MOST BOYS HAVE DISCOVERED

That it pays to be friendly.
 That good habits and good times have never yet been divorced.
 That work gives spice to play, and that play gives flavor to work.
 That the lions of difficulty that one sees in his path are often fast chained.

That a bit of encouragement will often brace up a discouraged comrade, and help him to tackle a hard proposition with a new zeal.

That lack of real friends usually means lack of friendliness.

That manners are an index of the heart, and must be sincere to be effective.

That ill-temper is always a desirable possession—to get rid of.

That high ideals keep his feet out of the mire.

The Sophomore Class Party

Games and contests were features of a delightful Hallowe'en party given by the dignified and most respected Sophomores on Tuesday, October 29. Delicious refreshments were served to about twenty-four members of the class and Miss Ooley, Miss Lichtenwalter and Miss Griffiths of the faculty. Everyone pronounced the affair a success in spite of the fact that rumors were afloat as to "makin' whoopee," conferences, special sessions, and such other events that naturally follow.

The Junior Class Party

On Oct. 29, the members of the Junior class were pleasantly entertained at a masquerade Hallowe'en party held in the high school. In the early part of the evening games were played.

Music was furnished by Ruth Bothwell and her well known Toy Orchestra. Refreshments were served and a good time was had by all.

Senior Picnic

On October 21, the Senior class, accompanied by several of the high school teachers, went on a picnic to Wawonaissa Glens. Various games were played and a pot-luck supper was served.

Later in the evening the Senior girls captured Mr. Reifel, Mr. Hengstler and Mr. Carmony, and took them a ride in Sarah Davis' Lizzie. Having been transported several miles east of the Glens, the machine was stopped suddenly and the three gentlemen were informed that they would have to walk

back unless they consented to give the Seniors the west side of the assembly. For a second the prisoners were very discreet; they said nothing. The fair maidens became desperate, they pleaded, they begged, they threatened, they cajoled, but all to no avail, for the only replies they received were meaningless jabberings in German. After several hours (?) had passed, the girls confessed their defeat and steered the little old gas buggy for home.

The Freshman Class Party.

The Freshman Hallowe'en party was held on Monday night, October 28. The prizes were awarded to Max Pratt and Hugh Brown for the biggest grin. A good time was enjoyed by all.

Sophomore Party

On March 14, the Sophomore class enjoyed a party given in the high school gymnasium. The first event of the evening was an entertainment of music and dialogue given by Glen Crosby (Rastus), Marvin Curtis, Haskell Jessup, and Harold Harris, our WJAK representatives. This was followed by a reading given by Viola Griffin in a "stuttering" fashion. Games were enjoyed afterwards, such as "wink-em," "Upset the Fruit Basket," and "Two Deep." Forfeits were demanded of every one present, and these were redeemed in quite unusual manners. Refreshments were served in the home economics room. All of the twenty-six who were present went home knowing that they had enjoyed a real-for-sure party.

Calendar

September

3rd.—We start in school today the last time. Let's make it the best in the history of G. C. H. S.

4th.—Having a very hard time straightening out our conflicts.

11th.—Everyone is trying to find a way to go to Gaston. Why? The first baseball game of the season. And oh! We came home with the small end of the score 6-2.

12th.—They say the reason Ed. Vironet can't grow a mustache is that he argues too much in Civics class.

13th.—Everyone is interested in baseball. We sure have a good band this year. Ralph Atkinson thinks everybody with red hair can't vote.

16th.—Well, we had a baseball game with the mould shop from the Owens-Illinois Glass Co., and the story ends very sad for the Tigers, 10-2.

17th.—The first picnic of the school year was held by the Seniors at Wawonaissa Glens, and did we have fun! Ask Mr. Reifel and Mr. Hengstler.

18th.—First call for basket ball. About every boy went out to see if he was good enough to be a Tiger.

19th.—We had the surprise of our life when Mr. Hengstler announced that Marion had invited the Gas City high school to attend their football game free of charge.

23rd.—Blue Monday again. Everybody sleepy. Wonder why?

24th.—Girls all look so tired—oh, yes, they are practicing for the Phi Delt play "Land of the Honey-moon."

25th.—Convocation in charge of the Seniors. Violet Hurlock played a cornet solo and Mr. Reifel gave a splendid talk on "Some Objectives

of Education." We also had a pep session. We have a new yell leader, Mr. Phares. There isn't anything slow about his leading yells.

26th.—Everyone talking about the play, and everyone going.

27th.—Had a test in U. S. History. Nobody knew anything.

30th.—Annual Staff had a long session with Mr. Carmony today.

October

2nd.—Everybody had a class meeting today. Boosters' Club was organized.

3rd.—Juniors ordered their rings today. Not a bad looking ring that they have chosen.

4th.—Last day of school for this week—and we aren't sorry.

7th.—Blue Monday again.

8th.—Snaps were being taken today. We'll sure have a snappy snap page.

9th.—The basket ball tickets went on sale today. Are having our six weeks tests this week and oh, how we do love those tests!

11th.—Last day of school this week. Mr. Carmony announced that every one should come to school Monday with his face washed and hair combed and shoes shined, because they were going to have their pictures taken.

14th.—Mr. Hockett is busy taking pictures.

15th.—Seniors look as if they were going some place, all dressed up and no place to go. The camera was broken more than once today by taking so many good-looking Senior pictures. Report cards given out today. Everybody pleased—and how?

16th.—Convocation in charge of the Juniors.

22nd.—Everybody seemed to make those two days' vacation we

had useful. We always dread to start in school after having such a wonderful vacation.

23rd.—Mr. Phares announced that there would be an inter-class tournament. Juniors and Seniors get to play in the final game.

24th.—Well, anyway, the inter-class champions are the Seniors, and did we girls support our team? I'll say we did!

29th.—Had a wonderful experience this morning. Mr. Phares showed the Biology I class and the Health class the divisions of a real heart. The heart was taken from a horse. Mr. Phares left part of the heart in the lab. After so long a time he stuck his head around the door at Miss Ooley and asked, "May I have the rest of my heart?"

30th.—We had a speaker this afternoon, the state secretary of the Y. M. C. A. and Hi-Y.

31st.—Had a good pep session. Alyce Groves tried out. Not so bad!

November

1st.—This is the day that marks the beginning of a wonderful basketball season.

4th.—Yea! Rah! Tigers! They brought home the bacon Friday evening. The Civics class held city elections in school today.

6th.—Convocation in charge of the Sophomores. Maude Willis gave a very interesting reading. We enjoyed it even if we did have to pay a dime.

8th.—The Tigers journeyed to Swayzee to play with the Speed Kings.

11th.—Well, well, 'twas a sad story. Tigers brought home the small end of the score 42-16. That doesn't dampen our spirit the least.

13th.—Scoop Dailey in English class was asked this question: "Do you think Sydney Carton intended to ask Lucy to marry him when he went to see her?" Scoop's answer: "I don't think he went down there all together."

14th.—State Attendance Officer Mrs. Marion, gave a very interesting talk on the reason we should attend school regularly.

15th.—First game at home tonight. We are to entertain Roll for a few minutes. Let's make this count.

16th.—Tigers made it count all right. We kept the victory brick at home with the score 32-28. The high school received a severe shock when it was announced that Miss Whitehead passed away after a week's illness.

22nd.—Everyone is trying to find a way to go to North Manchester.

25th.—Another victory added to our list. Crosby sure was hot on the basket. Yea! Rah! Crosby!

26th.—Everyone working hard to get ready for the Carnival. We are expecting a big crowd.

27th.—Carnival went over big the first night. Don't eat too much turkey Thanksgiving.

December

2nd.—We have another victory to add to our list. We beat Gaston (Bob Leach's home town) 18 to 16.

3rd.—We got a new Domestic Science teacher today, Miss Busby. Good luck to her.

6th.—We had a good pep session today. Mr. Phares led the yells. He sure knows how, too.

9th.—Gee! Clay Township gave us a scare in the last half of the game Friday night, but the Tigers held their own and came out with a two point victory.

10th.—Everybody is working hard. Wonder why? Oh, yes! They are trying to make the last minute count. This is the last six weeks of this semester.

11th.—Mr. Hengstler asked in Civics class "How can a judge be removed from office?" Mary Lewis, very eager to answer, "He can't be removed unless he is dead."

13th.—Friday, the 13th, and Oh! What a team the Tigers are to meet tonight. Those strange farmers from Windfall. We are not superstitious, though.

17th.—Mr. Marshall gave two interesting readings about Christmas.

18th.—Gee—what a blizzard!

20th.—Well, here is Friday again and another basket ball game with Spiceland. The band entertained the inmates of the County Farm this afternoon. No more school until Dec. 30. We wish everyone a Merry Xmas and a Happy New Year.

January

2nd.—Everyone made New Year resolutions. I wonder if anyone made this one: "I will study my lesson very hard and try to make A in all my subjects and even A in citizenship."

6th.—Everyone was happy Friday night until the very last minute. Then Fairmount woke up and gave us the small end of the score.

8th.—Wonder what the big joke was in English VI class this morning? Ruth Bothwell discovered she had put her dress on wrong side out.

10th.—The Tigers will meet Frankton tonight and the Giants tomorrow night.

14th.—Rev. Powell, from Marion, gave a very interesting talk this afternoon.

15th.—Final exams. Everybody is nervous.

17th.—Report cards were given out today. Such happy and such sad faces!

20th.—We greatly miss those pupils who graduated Friday. They are Walter Pratt, Pauline Stevens, Ruth Baker, Helen Morris, Willard Oliver and Dorothy Davis.

21st.—The hour periods, which we had last semester, are changed to forty minutes, and everyone is pleased.

22nd.—The business managers are out selling advertisements for our Annual. It shows what good workers they are.

23rd.—Big Joke: Gail Atkinson and Kenneth Brown fell out of their seats. Wonder what causes that?

27th.—Summitville beat us in the tourney. Ralph Atkinson was hurt in the game.

29th.—We journey to Windfall tonight to seek revenge.

30th.—We almost did. Windfall downed the Tigers 20-19.

31st.—The Highlanders are to be our guests tonight, and we are going to visit Summitville tomorrow. The Boosters' Club knows how to make pep sessions peppy. Good work, Boosters—keep it up.

February

3rd.—One more victory and one more defeat added to our record. We can't tell you yet whether or not revenge is sweet.

4th.—Everybody is busy in the Senior class working on the Annual.

5th.—The Juniors are still quarreling about which one is going to give a play first, Seniors or Juniors.

10th.—Mr. Greet gave a few interesting sketches from Shakespeare this afternoon.

11th.—Boosters' Club had a tag day Saturday, for the purpose of buying suits for the yell leaders. From all appearances, they made a success of it.

12th.—Lincoln's birthday. Supt. Reifel gave a very interesting talk on the life of Lincoln.

14th.—North Manchester comes to see us tonight. I hope we give them a nice reception.

20th.—The last basket ball game of the season. Had a big parade.

24th.—Boy, that was some game with Pendleton Friday night! First overtime game of the season. We had a new teacher in Miss Ooley's

place today, and all the girls are trying to make a hit.

25th.—Tournament tickets arrived. Everybody wants to go but don't know where to get the dough.

26th.—Miss Busby and the girls are busy making Maroon overalls for the yell leaders.

28th.—Today is the big day. Had a peppy pep session and the yell leaders looked happy in their new suits. Yea! Rah! Tigers—beat Matthews!

March

3rd.—We are very proud of our Tiger team, although Marion did beat them. They showed Marion and the rest of the county fans that they knew how to play basket ball.

4th.—In U. S. History, Mr. Hengstler asked: "Why did John Brown say that this was a beautiful country as he was getting ready for his execution?" Don M.: "Well, I guess he did think it was beautiful the last few minutes."

14th.—The radio has been busy all day today broadcasting the state tournament. We all heard the Gas City vs. Franklin game—in our imagination.

17th.—Wonder why everybody is wearing green today? Oh, yes, it is St. Patrick's day.

18th.—We started play practice today.

19th.—We ordered invitations today.

20th.—Mr. Kenworth, a well known traveler and lecturer, spoke on the subject of "Some Racial Contributions to America."

21st.—Did you know we had champion checker players in the Senior class? Ask Ralph Atkinson and Ruth Bothwell for further information.

24th.—Everybody practicing to put the play "Aunt Lucia" over the top.

25th.—The Seniors went on a

ticket campaign.

26th.—Senior girls had a meeting to decide on commencement dresses. Isn't it a shame that girls can never decide what kind of dresses they want?

27th.—Nothing happened today. We had our regular classes. You know they are always interesting.

28th.—The play "Aunt Lucia" went over with a bang. Lots of money.

April

1st.—April fool! We thought we wouldn't write anything today, but we did.

2nd.—We hear so many talking about a spring vacation.

3rd.—Juniors are planning to give a market. Let's all go down and buy something good to eat.

4th.—Inter-class track meet. Who won? Why the Juniors, of course.

7th and 8th.—Spring vacation.

9th.—The band is getting in some extra practice. Here's hoping they get first place at Muncie. We Seniors are behind them.

10th.—Wake up, Julia, class is over.

11th.—We had a track and field meet with Jonesboro, Alexandria, and Fairmount, at Fairmount today.

12th.—The typing team composed of Ruth Bothwell, Virginia Dancer and Kenneth Brown, entered the typing contest at Peru and won first team place in the "Novice A" group. Ruth also won first individual honor and Virginia won third. This will entitle the team to participate in the state commercial contest at Muncie, April 26.

17th.—Good for Hazel Dawalt! She received a medal for winning first place in the Grant County Constitutional Essay contest.

18th.—Don't be surprised, folks, if you see all of us in Hollywood, for we are having movies made of

the school in action today.

25th.—The operetta "Up In the Air" went over fine.

May

2nd.—Junior and Senior reception.

9th.—Mr. Phares' school play, "A Henpecked Hero."

11th.—Baccalaureate.

14th.—Class Day exercises.

16th.—Commencement. Dr. Harper, president of Evansville College, was the speaker.

20th.—School closes, and so does this little calendar of our last year of school life.

EDITORIAL

We wish to express our appreciation to the business men of Gas City and Marion who have contributed so freely to the advertising, and also to all other individuals who gave their services to the Annual.

Also we wish to thank all subscribers who have purchased Annuals.

The Editor wishes to thank all members of the Staff for their earnest efforts and co-operation in producing this year book, and all pupils who have aided in any way. Each worked for the honor of his school and performed his duties cheerfully.

This volume of "The Epoch" is put forth for the approval of the reader, to be criticized and praised according to its merits.

Graduation Watches... specially chosen for Youth!

Unquestionably the preference of the young folks today is for that combination of accuracy, beauty and distinction to be found in the watch creations of the Gruen Guild.

And this year, particularly our showing is complete and especially interesting. For young men, there are pocket and strap watches

in new, distinctive shapes; for young women, dainty rectangular wristlets — styles widely approved by the youth of today.

Let us help you select a timepiece the graduate will genuinely admire!
